

3 D ART

Sculpture

What is sculpture?

the art of making two- or three-dimensional representative or abstract forms, by using stone, wood, metal, or concrete.

2D: flat

3D: comes out into space

Representative: is similar or based on things in real life

Abstract: does not represent real life things

but instead uses **shape**, **form**, **color**, and **texture**

Today:

Step 1: sketch out 5 sculpture ideas

Step 2: form 3 sculptures with tin foil

Step 3: pick your favorite and expand on it.

Next week: we will make make a larger version of your favorite sculpture
